

APT MEDICAL INC.

APT Medical, a leading manufacturer and supplier of EP and Vascular Intervention medical devices, is committed to advancing the interventional medical field by utilizing technologies and innovations.

Since its inception in 2002, APT Medical has consistently invested in Research and Development (R&D), laying the solid groundwork for its success in both technology advancement and market expansion. As an experienced medical manufacturing company, APT Medical has forged collaborations with clinicians, hospitals, and universities to foster the development of pioneering products and solutions that empower healthcare professionals to enhance patient care.

APT Medical's ever-expanding product portfolio encompasses Electrophysiology, Cardiology, Peripheral, and Neurointervention, which constantly brings confidence to clinicians for tackling clinical challenges; with innovation in mind, APT Medical is dedicated to being a leader in the interventional field while protecting the health of humanity.
